Who this sheet is for

I Write Mines is a coaching workshop for books, songs and scripts. Mr AP questions, grades and walks a writer through the process — it never writes the work for them. The self-serve plans (Beta, Pro at \$12/mo and Premium at \$25/mo) cover individual writers. This sheet covers teams: studios, labels, publishers, schools and any organisation that needs seats, shared rooms, pooled concept runtime, and an invoice instead of a card.

Every rate here is list price. Final pricing is quoted in writing, and nothing is charged until a quote is signed.

How a custom quote works

1. Email enterprise@iwrite mines.com with your seat count, the rooms you need and your billing preference.
2. We send a written quote within two business days, including tax treatment for your region.
3. On approval you get an invoice or a secure payment link, plus onboarding dates.
4. Seats are provisioned the same day payment clears, or on your requested start date.

Terms

- All enterprise pricing is quoted in writing before any charge. Nothing bills automatically.
- Annual terms are standard; multi-year agreements are discounted on request.
- Payment by card or bank transfer through Stripe, Inc., our Merchant of Record, or by invoice with net-30 terms on approved accounts.
- Applicable VAT, GST or sales tax is calculated and shown before you confirm.
- Your writers keep every right in their own material. We claim no ownership of anything created on the platform, and Mr AP never writes work for a user.
- Mid-term cancellation refunds the unused portion of the annual term on a pro-rata basis.

Refunds on self-serve plans follow the standard 30-day money-back guarantee. Enterprise agreements follow the pro-rata term above unless the signed quote states otherwise.
